

# LITTLE THOUGHTS FOR A BETTER WORLD

BY RAJENDRA KUMAR ANEJA

## **ABOUT THIS BOOK:**

“Less is More” had counselled my wonderful German Chairman, Mr. Heinz Arnold, when I was posted in Africa, with Unilever.

These “Little Thoughts” presented in this Book, embrace politics, economics, wars, racial conflicts, poverty, hunger, disease, etc., in many nations and continents. My aim always was, how to improve the life of the common man, living in any country in the world.

Of the half a million words or so, which I have written and published in my books, articles, and Letters to the Editors of newspapers over the last 50 years from 1968 to 2018, I have culled out some Little Thoughts, which may mean something. They are presented in this book.

Hopefully, this Book will inspire ordinary citizens like me, to make their apprehensive voices heard. Even one voice, a simple word, a “Little Thought”, can make a difference in our embattled and often unjust, world.

We Can Never Give Up. Ever. Every “Little Thought” can help to build a Better World.
